

Kilburn Infant & Nursery School

CURRICULUM POLICY

Our school curriculum has four aims:

Aim 1: To provide opportunities for all pupils to learn and to achieve

All school staff are committed to achieving the best possible progress and highest achievement for all children. Our curriculum builds on the strengths, interests and experiences of pupils, and develops their confidence in being able to learn and work independently and collaboratively. We also encourage pupils to develop their physical skills and provide learning opportunities for them to pursue a healthy lifestyle, and keep themselves and others safe.

Aim 2: To promote pupils' spiritual, moral, social and cultural development and prepare pupils for the opportunities, responsibilities and experiences of life.

Our curriculum and school environment promote pupils' self-esteem and emotional well-being, based on respect for themselves and for others, at home, school, work and in the community. We help the children to develop principles for distinguishing between right and wrong, and values that will make them caring citizens of the future.

Aim 3: To promote British Values

The teaching of British Values at our school is focussed on directly and indirectly teaching pupils about being a positive member of a mixed local community in a diverse multicultural society. We teach and support pupils to become valuable and fully rounded members of the community and society, who treat others with respect and tolerance, regardless of background, so that they will leave school fully prepared for life in modern Britain.

We teach **Citizenship** to help pupils to understand rights and responsibilities – their own and others as part of our **PSHE** scheme, which equips children to live healthy, safe and responsible lives.

Within this framework we specifically uphold and teach pupils about British Values which are defined as **democracy, rule of law, individual liberty, mutual respect, tolerance of those of different faiths and beliefs.**

These values are taught *directly* through our broad and balanced curriculum including assemblies, English/Literacy, PSHE, History, Geography, Art, Music, RE and visits, and *indirectly* through our displays, resources, ethos, and policy/practice.

Aim 4: To prepare pupils for life in Modern Britain

We are a non-religious school with a broadly Christian ethos, promoting tolerance and respect for all cultures, faiths, and lifestyles through direct and indirect teaching of **Community and Cultures**. Pupils learn about and interact in our school and local community and extend their learning/skills/knowledge to communities in Britain and around the world.
